EC DECLARATION OF CONFORMITY

WE: SHURflo Pump Manufacturing Co. AND: SHURflo Limited
5900 Katella Ave. Unit 5, Sterling Park
Cypress, Ca 90630 Gatwick Road, Crawley
USA West Sussex, RH10 2QT
U.K.

Declare under sole responsibility, that the motor operated water pumps listed below, to which this declaration relates, meet the essential health and safety requirements, and are in conformity with EU EMC directive 89/336/EEC as specified in the Emission Standard EN 55014 (1993).

The models listed below comply with conducted emission and RFI power limits. They may be used in applications in which the pump is indirectly connected to the power main.

8005-972-290 8005-973-220 8005-972-280

The models listed below are intended solely for battery operation, and comply with RFI power limits as measured with an absorbing clamp. Conducted emission limits are not applicable, since they are not intended for applications in which the pump is directly or indirectly connected to the power main.
